NEKOOSA COATED PRODUCTS,LLC

Nekoosa U20 Pre-Collated

Nekoosa Coated Products has a 50 year legacy and strong commitment to innovation. No one comes close to matching our pioneering spirit and track record of 'firsts' and 'bests' in the carbonless paper market. Nekoosa Coated Products' branded carbonless paper is perfect for printing small or large runs of multipart forms, because we are the only carbonless paper manufacturer to offer three products specifically engineered for your preferred printing platform; U20, Universal and Digital carbonless. Expect reliable runnability, vibrant colorful sheets, dark permanent images that transfer through multiple plies and guaranteed performance when you chose to print Nekoosa Coated Products' branded carbonless paper

U20: The only carbonless brand specifically engineered for offset printing, U20 heavyweight carbonless paper leads the market in runnability, appearance, imaging and sustainability. Also certified by the Rochester Institute of Technology for HP Indigo® digital presses.

Universal Carbonless: Universal carbonless paper was carefully designed for the high pressures of offset printing and the high temperatures of digital printing. No matter the run size or printing platform, Universal carbonless is perfect for all carbonless print jobs.
