Litho Label C1S

C1S Litho is designed with all of your packaging needs in mind. It has a smooth and uniformly receptive coated surface and outstanding runnability in the pressroom and packaging plant. We have improved brightness to 90 (GE) and enhanced the shade, making it more blue white.

Our C1S Litho has proven high-yield performance on high-speed, full wrap labeling lines, on both rotary and roll-through labelers. It is also suitable for spot label applications in high speed labeling on glass, metal, PET, and other plastics using various cold glues. All offset printing applications, as well as both UV and water-based flexography, perform well on this C1S offering.

- C1S Litho 70-, 80-, and 100-lb. weights are designed to meet the needs of large format label and the hardback book jacket market.
- Our quick-turn custom sheet program saves you time and money by delivering the size you need, when you need it.
