**HOLMEN IGGESUND****Invercote Creato Cover C2S**

Creato has a premium double-coating on each side with a silk finish and a smooth surface. This product is excellent when used for CD covers, brochure and catalogue covers and folders. Choose Invercote products for upscale projects that require sophistication, strength and beauty. Invercote is an extremely high quality paperboard that is significantly whiter than other paperboards.

Invercote doesn't crack or flake, even with the deepest embossing, heaviest creasing or most intricate laser cuts. Unlike standard boards, it's constructed of three bleached fiber layers with longer fibers at the core for strength and shorter fibers on the outside for an optimum surface. Available in several finishes with a variety of coatings, one of the Invercote products should be perfect for your next project.

## Features:

- Exceptional embossing and creasing properties
- Acid-free and of archival quality
- Manufactured to ISO 9001 and ISO 14001 standards
- FDA Approved
- FSC® certified - Available upon request

## Recommended Applications:

Ideal for all graphic applications including brochure and catalogue covers, cards, folders, tags and points of sale materials.
